Our firm was founded with the intention of associating with full range of highly qualified professionals to work as liaisons between the construction contractor and owner company in areas of marine, civil as well as petroleum engineering engagements, with rare competence in and dedication to dry-docking/ new ship building supervision, vessel manning & offshore crew management, offshore security service, vessel acquisition, vessel chartering, vessel survey, inspection and auditing, offshore catering, waste management, to mention but few.

Our personnel can work independently on a turnkey basis or under owner-company supervision to ensure that every phase of operation is properly inspected and supervised, and the quality of work is performed and documented per owner's specifications and standard requirements. We have the ability to provide highly experienced Craftsmen in nearly every phase of the oil and gas industry.

# OUR SERVICES

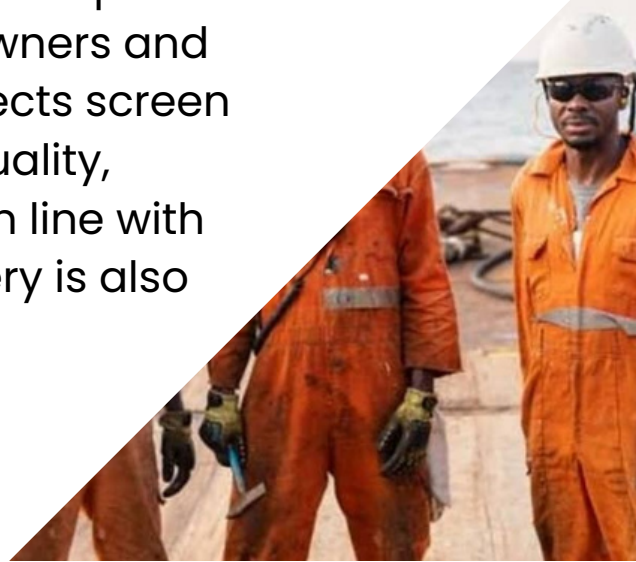

---

## **VESSEL MANNING AND CREWING**

UNBEATABLE OFFSHORE AND LOGISTIC SERVICES LTD provides vessel manning and offshore crew management services to credible ship owners, including MODU and offshore platform operators. Our crews undergo strategic recruitment exercises, and we ensure that only the best hands are absorbed into our pool of offshore personnel.

## **VESSEL ACQUISITION AND SHIP BUILDING**

In collaboration with our foreign technical partners, UNBEATABLE OFFSHORE AND LOGISTIC SERVICES LTD provides Vessel Acquisition Services for credible clients. Whenever our clients make a request for new vessel delivery, our team of Maritime experts immediately contacts renowned ship owners and shipbuilders, and our shipbuilding architects screen the available vessels for building quality, seaworthiness, and structural integrity in line with the client's specifications. Timely delivery is also ensured.

## **SECURITY SERVICE FOR VESSELS AND OFFSHORE ASSETS**

In line with the requirements of the ISPS code and National Security regulations in force, UNBEATABLE OFFSHORE AND LOGISTIC SERVICES LTD provides Security Services for Vessels and Offshore Assets in partnership with the Nigerian Navy. Our state-of-the-art security and surveillance crafts with modern security gadgets and facilities make the work a lot easier as we can pick targets tens of miles away and intercept them before they get too close.

We could either provide security personnel only or in tandem with patrol vessels depending on the demands of our clients.
